## Comments from Previous Trainees

We have both gained immense insight into mentoring our clients at the Artic Mission by the Word of God. The training has also inspired us to continue learning and improving our mentoring skills so we may become more effective mentors. We sincerely feel that this training truly helps us make a difference in our own lives and our community. This program is a blessing for us.

Pastor Luciano is amazing and so full of knowledge. He is a true testimony to the life and love of Jesus Christ. I had heard about the training being offered several weeks after they had started. Pastor took the time and effort to sit with me, one-on-one, for two days to catch me up. I rarely experience that kind of selflessness. I thought Pastor would have handed me a book and itinerary and said, "Read and learn". The time we spent together was so informative. Pastor's willingness to share his knowledge outside of the classroom was further encouragement for me to pursue this new path in my life.

His dedication to Christ comes thru the pastor's passion in his class. This passion encourages me to learn more and to apply the Word to my daily life. As Pastor Luciano inspires me, I hope to truly inspire someone with the life and the Word of Jesus Christ. The idea of being able help someone, even just one person, thru this training makes it worth the effort.
